An International Journal of Quaternary Research

ISSUED QUARTERLY BY COOPERATION OF THE GEOLOGISTS IN NORDEN

SPONSORS The National Councils for Scientific Research in Denmark, Finland, Norway, and Sweden. *Boreas* is supported financially by the Nordic Publishing Board in Science (NOP-N).

EDITORS Christian Hjort (Editor) and Kärstin Malmberg Persson (Assistant Editor), Department of Quaternary Geology, University of Lund, Sweden.

ADMINISTRATIVE AND EDITORIAL BOARD Denmark: Karen Luise Knudsen (Michael Houmark-Nielsen). Finland: Matti Eronen (Veli-Pekka Salonen). Iceland: Jón Eiriksson (Hreggviður Norðdahl). Norway: Sylvi Haldorsen (Tore Vorren). Sweden: Svante Björck (Urve Miller). Editors: Christian Hjort and Kärstin Malmberg Persson. Publisher's representative: Terje Sørlie.

PROGRAMME *Boreas* accepts manuscripts from all branches of Quaternary research. Aspects of the Quaternary environment, in both glaciated and non-glaciated areas, are dealt with: Climate, shore displacement, glacial features, land forms, sediments, organisms and their habitat, and stratigraphical and chronological relationships. Anticipated international interest is a main criterion for the acceptance of papers. The maximum acceptable length of a paper is 12 printed pages, unless the author is willing to pay a page charge for pages exceeding this number. As well as articles, *Boreas* includes book reviews, INQUA news, letters to the editor, discussions, and announcements of meetings, etc. The language is English.

MANUSCRIPT ADDRESS Manuscripts, conforming with the rules on page 3 of this cover, should be addressed to Dr. Christian Hjort, Department of Quaternary Geology, Sölvegatan 13, S-223 62 Lund, Sweden. Telephone +46 46 107881. Telefax +46 46 104419.

BUSINESS ADDRESS Communications regarding accepted manuscripts, proofs, orders for reprints, subscriptions, etc., should be sent to the Publisher's office in Oslo (see below).
